“Reflecting the theoretical eye of a trained social scientist—and a dose of common sense—this path-breaking book offers the first empirical analysis of democratic processes across major international organizations.” —ANDREW MORAVCSIK

“Ambitious and thought-provoking... Zweifel explores the emergence and practice of transnational democracy across a range of global, regional, and functional organizations.... While some scholars and practitioners will question [his] findings, they best not ignore them, for this is politically powerful stuff.”

—EDWARD LUCK

Do international organizations represent the interests of the global citizenry? Or are they merely vehicles for the agendas of powerful nations and special interests? Thomas Zweifel explores this increasingly contentious issue, deftly blending history, theory, and case studies.

Zweifel's analysis covers both regional organizations (e.g., the EU, NAFTA, NATO, the AU) and such global institutions as the United Nations, the World Bank, and the World Trade Organization. With international organizations becoming perhaps the most appropriate—if not the only—forum for tackling myriad transnational challenges, his systematic study of how these organizations function is central to the study of both international relations and democracy in the 21st century.

Thomas D. Zweifel, CEO of the Swiss Consulting Group, is also adjunct

professor at Columbia University's School of International and Public Affairs.

Contents

- Transnational Democracy: A New Framework.

International Organizations and Democracy: Accountability, Politics, and Power

Thomas D. Zweifel

NEW—3RD EDITION!

RAISE FOR THE PREVIOUS EDITIONS:

“An excellent, comprehensive reader.... [This] may be the best contemporary reader for advanced undergraduate classes in international governmental organizations.... the level of analysis and readability of [Diehl’s] choices is ideal.”

—PHILIP MEEKS, *PERSPECTIVES ON POLITICAL SCIENCE*

For nearly ten years, *The Politics of Global Governance* has helped students of international organizations to understand the major themes, theories, and approaches central to the subject. The third edition of this widely used anthology has been thoroughly updated to reflect the current concerns of the global system. Peacekeeping and collective security, finance and trade, and social and humanitarian issues are among the key topics covered.

Diehl’s section introductions underscore the importance of the essays, which have been selected not only for their relevance, but also for their accessibility.

Paul F. Diehl is professor of political science and University Distinguished Teacher/Scholar at the University of Illinois at Urbana-Champaign.

Contents

INTRODUCTION

- Introduction to Part 1—P.F. Diehl.
- International Governmental Organizations—J. Pevehouse, T. Nordstrom, and K. Warnke.
- Why States Act Through Formal International Organizations—K.W. Abbott and D. Snidal.
- The False Promise of International Institutions—J.J. Mearsheimer.

DECISIONMAKING

- Introduction to Part 2—P.F. Diehl.
- The Framework for Inquiry—R. Cox and H.K. Jacobson.
- The Role of the UN Secretary-General: The Power of Persuasion Based on Law—I. Johnstone.
- Power and Satisfaction in the Security Council—B. O’Neill.
- Financing the United Nations and the International Public Sector: Problems and Reform—R.P. Mendez.

PEACE AND SECURITY AFFAIRS

- Introduction to Part 3—P.F. Diehl.
- The Idea and the Reality of Collective Security—L.H. Miller.
- International Engagement in War-Torn Countries—R. Jackson.

The Politics of Global Governance: International Organizations in an Interdependent World

Paul F. Diehl, editor

“An extraordinary primer for any student of international relations.... This book collates and masterfully illustrates the varied processes that drive contemporary international organization.”

—UN21 NEWSLETTER, ASIL

“Putting the pieces of the puzzle together in a highly readable way, Karns and Mingst provide a comprehensive overview of the many actors, processes, and challenges involved in the complex subject of global governance.”

—ANNE-MARIE SLAUGHTER

“Detailed and comprehensive, this accessible IO text may well set the standard for years to come.”

—KENT KILLE, COLLEGE OF WOOSTER

This long-awaited introduction to international organizations covers the entire breadth of the subject in a way that will be welcomed by students and teachers alike.

Professors Karns and Mingst trace the evolving roles both of IGOs, NGOs, states, and nonstate actors and of norms, rules, and other pieces of global governance. While they give extensive attention to the UN system, the full range of regional and subregional organizations is also thoroughly covered, as are the activities and influence of a variety of nonstate actors.

Each of four issue-based chapters—on peace and security, economic development, human rights, and the environment—presents a contemporary case study and then examines the issues and the pieces of global and regional governance that are involved. Throughout, the authors highlight questions of the legitimacy, accountability, and effectiveness of global governance.

Margaret P. Karns is professor of political science at the University of Dayton. Karen A. Mingst is professor of political science at the University of

Kentucky and Lockwood Chair Professor in the university’s Patterson School of Diplomacy and International Commerce.

Contents

International Organizations: The Politics and Processes of Global Governance

Margaret P. Karns and Karen A. Mingst

“This is an excellent primer for International Relations courses, and all potential readers interested in the interplay of law and politics... [Provides] succinct and authoritative coverage of the ties between contemporary world events and the norms that supposedly govern them.”

—UN21 NEWSLETTER, ASIL

“This is an excellent introductory book and should be appropriate for a wide range of survey/introductory courses in international law.”

—JOHN KING GAMBLE, AUSTRALIAN YEARBOOK OF INTERNATIONAL LAW

“A thoroughly well researched and supported volume.... This is a superb treatment of the subject matter.” —CHOICE

Terrorist attacks. UN sanctions. The creation of the International Criminal Court. The war on Iraq. In each of these headline events, the complex relationship of international law and world politics comes into play. *International Law in World Politics* introduces the concepts, the rules, and the functioning of international law in a way that is accessible to students of political science.

Scott covers such core topics as the nature of legal argument, the negotiation and implementation of multilateral treaties, and the place of the United Nations, other intergovernmental organizations, and nonstate actors in the international legal system. Equally important, she connects the actual content of laws dealing with, for example, human rights, the use of force, the environment, and genocide to current issues and problems. Case studies within the chapters bring the real world of world politics to life.

Covering the full range of this essential subfield of IR, this new text

effectively explains the role that international law plays in the changing arena of world politics.

Shirley V. Scott is senior lecturer in international relations at the University of New South Wales.

Contents

- International Law and World Politics Entwined.

International Law in World Politics: An Introduction

Shirley V. Scott

Unique in its breadth of coverage, this carefully designed collection presents the key documents of international law at the global level.

The collection encompasses the full spectrum of central issues, with the documents grouped in subject areas. A short introduction to each document provides context and also points to supplementary documents. With only a few exceptions, each document is presented in its entirety.

Other useful features include a glossary of terms; a chronological list of the treaties in the book, indicating the date the treaty was signed, the date it entered into force, the number of parties to the treaty, and other data; and a complete index.

Shirley V. Scott is senior lecturer in international relations at the University of New South Wales.

Partial Contents

Introduction.

THE FOUNDATIONS OF INTERNATIONAL LAW

- 1945, Charter of the United Nations • 1945, Statute of the International Court of Justice • 1961, Vienna Convention on Diplomatic Relations • 1969, Vienna Convention on the Law of Treaties.

INTERNATIONAL LAW AND THE USE OF FORCE

International Law and Politics: Key Documents

Shirley V. Scott, editor

“A dynamic and critical discussion of the relationship between war crimes and the realities of international politics.... This well-written work is an important contribution to the subject matter. Highly recommended.” —CHOICE

From the very early stages in the development of international law, the nature of the state-centric international system has dictated that law play second fiddle to the hard realities of power politics. *War Crimes and Realpolitik* explores the evolution and operation of the international criminal justice system, highlighting the influences of politics.

Maogoto takes the reader behind the scenes of the conflict between justice and realpolitik. Ranging from the period just after World War I to the recent establishment of the International Criminal Court, he provides a thorough exposition of the politics and processes of international penal institutions in the

state-driven international system.

Jackson Nyamuya Maogoto is lecturer in law at the University of Newcastle in Australia.

Contents

- Toward the Modern International Penal Process.
- THE WORLD WARS. A False Dawn: The Failure to Enforce International Justice After World War I. A New Dawn: The Birth of the Modern International Penal Process.
- THE COLD WAR AND THE 1990S. Cold War: International Justice in the Shadow of Realpolitik. Crisis in the Balkans: Raising the Nuremberg Precedent. Rwanda: Portrait of a Reluctant International Community.
- INTO THE NEW MILLENNIUM. The International Criminal Court: Challenges and Concessions to the State. International Justice: Retrospect and Prospect.

“An essential companion read for any course on international organizations.... Smith provides a clear view of both the written and the unwritten rules of political processes at the UN, as he effectively weaves the intricate details of consensus-building mechanisms and procedures into a broader understanding of world politics.”

—ALYNNA LYON

“This is the most comprehensive introduction to the politics and processes of the United Nations that I have read.”

—KENNETH A. RODMAN

How does the United Nations actually work? How does it reconcile the diverse interests of 191 sovereign member states—plus those of the multinational corporations that lobby it, the numerous NGOs with which it interacts, and the enormous international secretariat that services it—in the search for effective solutions to the myriad problems it confronts daily? *Politics and Process at the United Nations* answers these questions, providing a vivid picture of the dynamic interaction between actors and institutional structures.

Drawing readers into the “global dance” that takes place at UN headquarters, Courtney Smith introduces the various members of the troupe and explains the procedures and processes that make up the movements of the dance. He also addresses an often neglected core issue: do UN decisions really matter? The result is an unusual book, valuable both for scholars and for students in UN and IO courses.

Courtney B. Smith is associate professor and associate dean of academ-

ic affairs at the John C. Whitehead School of Diplomacy and International Relations at Seton Hall University.

Contents

- Introduction to the Global Dance.
- MEMBERS OF THE TROUPE: ACTORS AT THE UNITED NATIONS
- Member States and Delegates.
- Groups and Blocs.
- The Secretariat and the Secretary-General.
- Civil Society and the Private Sector.
- MOVEMENTS OF THE DANCE: PROCEDURES AND PROCESSES

Politics and Process at the United Nations: The Global Dance

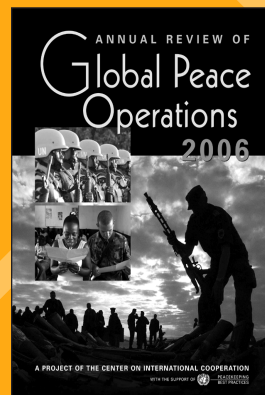

Courtney B. Smith

NEW!

Annual Review of Global Peace Operations, 2006

Center on International Cooperation

- an introductory essay on peace operations doctrine
- incisive analyses of all peacekeeping missions on the ground in 2005
- in-depth explorations of key missions and trends, focusing on those operations that have faced significant challenges or undergone major developments during the year
- extensive illustrative graphs, charts, tables, and photographs

The editorially independent *Review* has been launched by the Center on International Cooperation at New York University, with the support of the Peacekeeping Best Practices Section of the UN's Department of Peacekeeping Operations, and in cooperation with the International Peace Academy.

February 2006/317 pages, 8.5" x 11"
ISBN: 1-58826-441-6 pb £18.95/\$25

“An essential resource for understanding peacekeeping’s contribution to international security.” —STEPHEN STEDMAN

“Essential reading for all students of peacekeeping and for those who wish to understand how the UN’s Department of Peacekeeping Operations is adapting to the changing security climate of the twenty first century.” —ANDREW MACK

The world now spends close to \$5 billion annually on United Nations peace operations staffed by more than 80,000 military and civilian personnel, and commitments to comparable operations outside the UN command structure are on an even greater scale. The *Annual Review of Global Peace Operations* is the first comprehensive source of information on this crucial topic, designed for students, scholars, and practitioners alike.

Unique in its breadth and depth of coverage, the *Review* presents the most detailed collection of data on peace operations—those launched by the UN, by regional organizations, by coalitions, and by individual nations—that is available. Features of the inaugural volume include:

Text-in-Time®

Is the text you want to use out-of-stock? Don't despair! Call Sheila or Patty at 303-444-6684 for details about our Text-in-Time print-on-demand program.

“A richly informative volume on the evolving role of the Council.” —CHADWICK ALGER, *INTERNATIONAL STUDIES REVIEW*

“[A] well-planned and fascinating book.... well worth reading.” —SALLY MORPHET, *INTERNATIONAL AFFAIRS*

“Encyclopedic in scope and authoritative in analysis.... everyone who cares about the future role of the United Nations and the international rule of law will want to read this book.” —JOHN G. RUGGIE

The *UN Security Council* offers a comprehensive view of the council both internally and as a key player in world politics.

Focusing on the evolution of the council's treatment of key issues, the authors discuss new concerns that must be accommodated in the decisionmaking process, the challenges of enforcement, and shifting personal and institutional factors. Case studies complement the rich thematic chapters. The book sheds much-needed light on the central events and trends of the past decade and their critical importance for the future role of the council and the UN in the sphere of international security.

David M. Malone, after serving a six-year term as president of the International Peace Academy, has returned to the Canadian Foreign Service.

A project of the International Peace Academy

Despite the high visibility of the United Nations in various peacekeeping operations, the enormous role that it plays in the global arena goes largely unnoticed. This new book focuses on that larger role, bringing to life the evolutionary process of multilateral interaction that is the foundation of the organization, the sometimes heated politics behind its operations, and the key personalities who have shaped it.

Jean E. Krasno is associate research scholar and lecturer in political science at Yale University, where she is also deputy director of the Yale United Nations Oral History Project.

Contents

- Introduction—J.E. Krasno.
- OUT OF THE ASHES OF WAR
- The UN Landscape: An Overview—J.E. Krasno.
- Founding the United Nations: An Evolutionary Process—J.E. Krasno.
- The United Nations and the Formation of Global Norms—J. Sills.

The United Nations System: Toward International Justice

Nigel D. White

To what extent does the United Nations system work? This comprehensive survey of the world’s most important family of international organizations examines the UN’s structure and powers—and considers whether it is achieving what it set out to do.

Focusing on legal rather than political issues, White first examines the UN’s objectives, not only as defined in the original charter and the constituent documents of its various agencies, but also in terms of how its goals and values have been implemented. He then explores its institutional structure, explaining each body’s powers and the relationships among them; here, he also evaluates the various bodies in terms of

ENGAGING HUMAN NEEDS ON A GLOBAL SCALE

- Human Rights: A Global Common Interest—C. Norichi.
 - Free and Fair Elections: Letting the People Decide—R. Ludwig.
 - Agent of Change? The United Nations and Development—J. Fomerand.
 - Disarmament: Successes and Failures—D. Boothby.
 - To End the Scourge of War: The Story of UN Peacekeeping—J.E. Krasno.
- PROCESSES OF GLOBAL BURDEN SHARING
- Financing the United Nations—J. Laurenti.
 - Informal Groupings of Member States—J. Prantl and J.E. Krasno.
 - Reforming the United Nations: Lessons from a History in Progress—E.C. Luck.

No rights in South Asia

democratic accountability and transparency. In the core of the book, a wide-ranging review of UN activities, he assesses whether the organization has sufficient powers to implement its goals in the key areas of security, justice, human rights, the environment, and economic development.

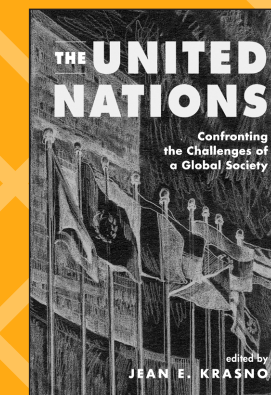

Nigel D. White is professor of international law at the University of Nottingham.

Contents

- THE LEGAL NATURE OF THE UNITED NATIONS. A UN System. Evolutionary Elements of the Legal Order. The UN’s Values.

ORDERING INFORMATION

Examination Copies
We will be glad to send you a paperback examination copy for \$7.50 (£5 in Europe) to cover postage and handling. Hardcover examination copies are available at a 20% discount plus shipping (see postage rate chart below).

Please limit your request to three books, submit the order on department letterhead, and include the name and number of the course, its anticipated enrollment, when it will be offered, and the book you are currently using.

Desk Copies
We provide desk copies on request to faculty who have adopted an LRP title as a required text in a course, providing the bookstore orders 10 or more copies from LRP.

Returns
Returns must be received within 12 months of the invoice date, be in clean, saleable condition, and accompanied by the invoice number or a copy of the invoice. Retail returns are limited to 20% for each book ordered.

All returns must be shipped to our warehouse:
Lynne Rienner Publishers, Inc.
c/o Books International
22883 Quicksilver Drive
Dulles, VA 20166

To place an order in Australia:

Please send orders to:
Palgrave Macmillan Australia
627 Chapel Street
South Yarra, VIC 3141
Tel: +61 (03) 9825-1025
Fax: +61 (03) 9825-1010
E-mail: academic@macmillan.com.au

Contact customer service at the address above for information on academic inspection copies.

To place an order in Europe:

Please send orders to:
Lynne Rienner Publishers
3 Henrietta Street, Covent Garden
London WC2E 8LU • UK

GLOBAL GOVERNANCE

A Review of Multilateralism and International Organizations

Available
online!

BARRY CARIN, RICHARD HIGGOTT, JAN AART SCHOLTE, GORDON SMITH, AND DIANE STONE

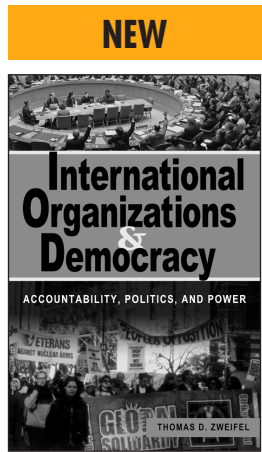

GLOBAL GOVERNANCE provides a much-needed forum for practitioners and academics who want to explore the impact of international institutions and multilateral processes on economic development, peace and security, human rights, and the preservation of the environment. The readers will enjoy pithy, provocative editorials in the Global Insights section. Recent contributors include Georges Nzongola-Ntalaja, Mary Robinson, Rodolfo Stavenhagen, and Sartaj Aziz.

"Each issue is an invaluable resource for research and teaching."
—KAREN MINGST, UNIVERSITY OF KENTUCKY
